Incident Short Description:	Road train loss of control resulting in a rollover
------------------------------------	--

What Happened:

On 10th May at approximately 7:30am, a road train was travelling south on a Highway when the truck lost control resulting in the rear trailer tipping and a loss of load material.

An emergency alert was raised and Traffic Controllers established safe work zone for the continued flow of traffic. The area was cleared of the material and a crane was utilised to remove the trailer.

(Truck Roller over)

A formal ICAM investigation has commenced. Once completed, the lessons learnt will be communicated/shared through a final Grey Banner Alert as soon as practicable.
