Actual Consequence	Moderate	Potential Consequence	Major
Reportable to WorkSafe	No	Type of Notifiable Incident	N/A

Incident Short Description	Maintenance truck left road, hit tree
-----------------------------------	---------------------------------------

What Happened

At approximately 3:30 pm on Monday 10 August 2026, two Main Roads workers were travelling in a maintenance truck on Bejoording Road near Red Gully Road, approximately 20 minutes north of Northam, when the vehicle left the roadway and collided with a tree.

The driver was uninjured; however, the passenger sustained apparent superficial injuries to the face. A passing member of the public transported the passenger to the local hospital for assessment, where they were subsequently certified unfit for work for one week, resulting in a Lost Time Injury (LTI).

The driver was collected by another Main Roads worker and returned to the depot. The maintenance truck sustained extensive damage and has been deemed a write-off. The driver is undergoing a precautionary medical assessment today.

A formal ICAM investigation has commenced. Once completed, the lessons learnt will be communicated through a Grey Banner Alert as soon as practicable.

Distribution of Notice	Main Roads Personnel and Contracting Organisations
