

5.3 Frequently changing work area outside of a traffic lane

5.3.1 Description

Difference

Replace:

The preferred location of the work vehicle is adjacent to the work area with the vehicle mounted warning devices activated and parked clear of the traffic lane.

with:

The preferred location of the work vehicle is parked adjacent to the work area with the vehicle mounted warning device activated and parked clear of traffic lanes or parked where parking would be legal, and the safety of other road users is not compromised.

5.3.3 Traffic control devices

Difference

In the subsection '**Vehicle mounted warning device**', replace entire subsection with the following:

Refer to Section 3.4 for vehicle mounted warning device requirements.

5.3.4 Pre-installation processes

Difference

Replace 3rd dot point:

- Confirm TGS has been signed off by relevant personnel, with a copy of the TGS onsite at all times during the works.

with:

- If a TGS is provided, confirm TGS has been signed off by relevant personnel, with a copy of the TGS onsite at all times during the works.

5.3.5 Installation (TGS instruction)

Difference

In the subsection '**Set-out**', replace:

All signs and devices must be placed as shown on the TGS. Advance signs are to be located a distance as per Table 2.3 from the start of the work site or hazard.
