

QGTTM General

Austroads guides use “must” in lieu of “shall” and all parts of QGTTM have been updated to “must” for mandatory requirements.

QGTTM Part 1

Added a new definition for “Recommended” to Table 3.1 with “Recommended” is the same as “should”.

Modified existing definitions for “shall”, “must” and “should” to include reference to MUTCD Part 3.

See changes highlighted yellow following.

Addition

The following additional definitions apply:

Recommended	A recommendation is the same as a ‘should’, see definition for “should”.
Shall	Indicates that a statement is mandatory. Where certain requirements in the design or application of the device are described with the ‘shall’ stipulation, it is mandatory that, when an installation is made, these requirements be met. See Queensland MUTCD Part 3 Clause 1.9 b) for guidance on variations to ‘shall’ requirements.
