

Difference

The following different definitions apply:

Competent person	Refer to Clause 1.3.2 of the Queensland MUTCD Part 3.
Must	Is the same as a 'shall' requirement. Indicates that a statement is mandatory. Where certain requirements in the design or application of the device are described with the 'must' stipulation, it is mandatory that, when an installation is made, these requirements be met. See Queensland MUTCD Part 3 Clause 1.9 b) for guidance on variations to 'shall' requirements.
Should	Indicates a recommendation. Where the word 'should' is used, it is considered to be recommended use, but not mandatory. Any recommendation that is not applied must be based on sound traffic engineering judgement and documented. See Queensland MUTCD Part 3 Clause 1.9 a) for guidance on variations to 'should' recommendations.
