Directorate / Region	RMO – Pilbara	Main Roads or Contractor	Contractor
EQSafe Event Type	Damage / Loss	EQSafe Incident Number	40454
Actual Consequence	Insignificant	Potential Consequence	Major

Incident Short Description	Vehicle hits livestock travelling from site to accommodation.
-----------------------------------	---

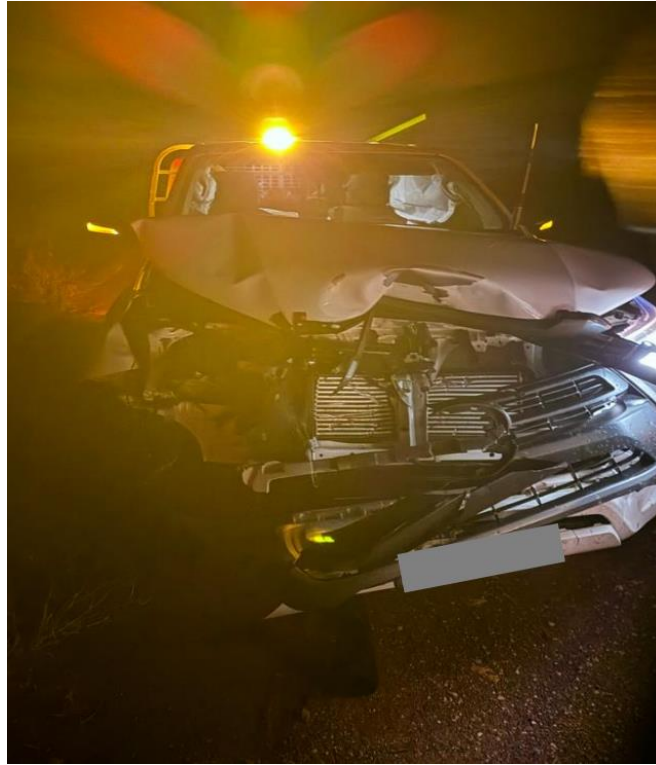

Executive Summary

On Wednesday 15 May 2024, a worker departed from an project site office to return to their accommodation roughly 50kms away.

At around 6.05pm, the worker observed a herd of cattle approximately 70m ahead on the left side of the road. As the worker slowed down from the posted speed limit of 110 km/hr, two cows have started to run towards the road, chasing each other with one of the cows stopping in the middle of the left live lane.

To avoid hitting the cow, the worker has attempted to switch to the right lane, however, the second cow proceeded to run across the road in front of the vehicle causing a collision.

The impact severely damaged the vehicle. The driver was not injured but was taken to the nearest hospital for medical assessment, where it was confirmed that there were no injuries sustained.

Incident Photos

Heavy damage sustained to front of vehicle.

Contributing Factors

- The driver undertook driving in low level light conditions.
- Livestock strikes are common on this stretch of road.
- Worker did not drive to conditions.

Corrective Actions

- Communicate to all workers the hazards of driving in the hours of darkness and known wildlife areas.
- Review of vehicle driving lights undertaken and recommended for upgrade.

Additional Issues / Learnings

- This incident highlights the importance of vigilance when driving in areas known for wildlife.
- Avoid driving between dusk and dawn, where possible.

**Critical Risk:**

This serious potential incident aligns with the Main Roads Critical Risk Profile relating to
Vehicles and Driving
