

RED BANNER ALERT

SHW Serious Incident (SI) – Preliminary Notice

Date of Incident:	22/02/2023	Time of Incident:	1:30pm
Directorate / Region:	IDD	Main Roads or Contractor:	Contractor
EQSafe Event Type:	Near Miss	EQSafe Incident Number:	30098
Actual Consequence:	Insignificant	Potential Consequence:	Major

Incident Short Description:	Working close to active lane without traffic management.
------------------------------------	--

What Happened:

While performing a site inspection the project Safety Advisor witnessed two workers working on an island in an 80km per hour offramp without traffic management in place.

It was noted that workers were working in a Communications pit, on the Warwick Road South Bound Off ramp.

The workers were instructed to leave the area and works were suspended pending investigation.

Communication Pit

Warwick Road Off Ramp

A formal ICAM investigation has commenced. Once completed, the lessons learnt will be communicated/shared through a final Grey Banner Alert as soon as practicable.

This serious potential incident aligns with the Main Roads Critical Risk profile relating to **Interaction with Live Traffic**.

Immediate Actions:

Please note that these are generic actions for all to consider in relation to this critical risk (and is not reflective of this specific incident):

- *Ensure required Traffic Management Controls are in place at all times when working near live traffic.*
- *Ensure that regular monitoring of traffic management arrangements are performed by nominated persons to ensure compliance with safe working requirements.*

Distribution of Notice:
