

RED BANNER ALERT**Serious Incident – Preliminary Notice****CRITICAL RISK: Mobile Plant**

Date of Incident	30 th August 2026	Time of Incident	5:00 PM
Directorate / Region	RMO – Kimberley Region	Main Roads or Contractor	Contractor
isafe Event Type	Injury / Illness	isafe Incident Number	INC-0000619
Actual Consequence	Moderate	Potential Consequence	Major
Reportable to WorkSafe	Yes	Type of Notifiable Incident	Serious injury or illness requiring immediate treatment as an in-patient in a hospital

Incident Short Description	Worker suffers fractured clavicle after reversing loader over culvert edge.
-----------------------------------	---

What Happened
At approximately 5.00 PM, a contracted loader operator (Injured Person – IP) was cleaning up around culverts for final trim when he reversed over the edge into a culvert face. As the edge was on an angle, the left wheel dropped approximately 0.6m first, followed by the second wheel dropping approximately 0.7m, throwing the IP around in the cabin. Realising what had happened, the IP drove out of the culvert and parked up nearby. The IP then radioed his supervisor for assistance. When the supervisor arrived at the location, he observed the IP trying to manoeuvre down the loader steps whilst supporting his arm and also observed blood on the side of the IP's head. The supervisor provided immediate first aid by applying absorbent material over the head laceration. At this time, another worker arrived at the incident site, and he and the supervisor assisted the IP down from the machine and into a light vehicle. The IP was transferred to Halls Creek Hospital for assessment, where it was confirmed that the IP had suffered a fractured clavicle and that there were concerns of head trauma and further chest injuries. The IP was then transferred via RFDS to Broome Hospital, where he is awaiting further x-rays and assessment. WorkSafe have been notified and a formal ICAM investigation has commenced. Once completed, the lessons learnt will be communicated through a Grey Banner Alert as soon as practicable.
