

Table 3: 203B.1 – Risk Classification Matrix

Rating	Health & Safety	Transport Services	Financial	Reputation & trust (Political, stakeholders & community)	Business Operations	Legal & Compliance
Insignificant	No treatment required	Service infrastructure receives minimal damage, minor rectification required. Service/s only temporarily unavailable or remain operational. Minor impact to customers. E.g. minor drop in patronage or minor congestion.	Greater of: Less than \$100,000; or Deviation from project budget within $\pm 5\%$.	Isolated local community or individual's issue-based concerns. Low profile media attention.	Some insignificant delays to business activities. Up to 5% variation in KPI or objective.	Guidance required for legal / compliance issues, managed through routine procedures. Legal action unlikely.
Minor	First aid treatment required	One or a number of services are unavailable or operating with restrictions but can be resumed within acceptable timeframes. Short-term impact to customers. E.g. short-term drop in patronage or isolated congestion.	Greater of: \$100,000 to \$1 m; or Deviation from project budget between 6% and 10%.	Local community impacts & concerns. Occasional once off negative media attention. Trust issues raised.	Minor delays to business activities. 5% to 10% Variation in KPI or objective.	Complex legal/non-compliance issues are to be addressed. Legal action and/or public liability claim possible.
Moderate	Medical treatment required or Lost Time Injury	One or a number of services, including critical services, are unavailable for an extended length of time. Moderate impact to customers. E.g., complaints and moderate drop in patronage or moderate level of short-term congestion.	Greater of: \$1 m to \$10 m; or Deviation from project budget between 10% and 20%.	Sectional community impacts & concerns publicly expressed. Increased negative media attention. Loss of confidence & trust by community & stakeholders in Agency processes & capability. Ministerial concern.	Some moderate delays to business activities. 10% to 25% Variation in KPI or objective. One or more projects is significantly impaired.	Non-compliance/s with regulation and/or probity infringements, which may result in some processes repeated. Legal action probable.
Major	Single fatality or major injuries or severe permanent disablement	A number of critical services cancelled, with extensive rectification required before resumption of services. Non-critical service infrastructure is not operational and unable to be rectified. Substantial impact to customers e.g. major drop in patronage or major level of congestion.	Greater of: \$10 m to \$30 m; or Deviation from project budget between 20% and 30%.	Considerable & prolonged community impact & dissatisfaction publicly expressed. Consistent negative media attention. Criticism & loss of confidence / trust by community & stakeholders in Agency processes & capability. Ministerial intervention.	Major delays to activities. 25% to 50% Variation in KPI or objective. One or more critical programs or projects not delivered.	Major non-compliance with regulation, which may result in termination of a process or imposed penalties. Legal action taken against Agency and/or major public liability claim or potential class action.
Catastrophic	Multiple fatalities	Critical service infrastructure is not operational and unable to be rectified. Significant impact to customers e.g. sustained drop in patronage or sustained level of significant congestion.	Greater of: Greater than \$30 m; or Deviation from project budget > 30%.	Significant adverse community impacts & condemnation. Extreme negative media attention. Consistent ongoing community loss of confidence & trust in Agency capabilities and intentions. Government intervention.	Activities ceased. More than 50% Variation in KPI or objective. Multiple critical programs or projects not delivered.	Major non-compliance with legislation and/or regulation that may result in criminal charges and/or loss of required accreditation. Significant legal consequence/s class action against agency.

Table 4: Quality Measures of Likelihood

Level	Likelihood	Description
A	Almost Certain	The event or hazard: - Is expected to occur in most circumstances; - Will probably occur with a frequency in excess of 10 times per year.
B	Likely	The event or hazard: - Will probably occur in most circumstances; - Will probably occur with a frequency of between 1 and 10 times per year.
C	Possible	The event or hazard: - Might occur at some time; - Will probably occur with a frequency of 0.1 to 1 times per year (i.e. once in 1 to 10 years).
D	Unlikely	The event or hazard: - Could occur at some time; - Will probably occur with a frequency of 0.02 to 0.1 times per year (i.e. once in 10 to 50 years).
E	Rare	The event or hazard: - May occur only in exceptional circumstances; - Will probably occur with a frequency of less than 0.02 times per year (i.e. less than once in 50 years).
