

- a speed limit of intermediate value or a buffer zone
- a speed limit AHEAD sign.

Speed limit reductions must be implemented as provided in Table 5.6.

**Table 5.6: Method for reducing speed limit**

| Speed limit reduction | Method for reducing speed limit                                                         | Recommended applications                                                                                                                                 | Alternative applications                                           |
|-----------------------|-----------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------|
